St. George Rainway, Concept Rendering

Did you know that a creek used to run along what is now St. George Street?

You can still hear it under the manhole covers today, piped into the sewer system.

Come out and learn about our neighbourhood history. Imagine what it might feel like to turn the street back into a creek or park, a blueway or greenway.

Local residents will provide live music and historical songs. Friends and family are welcome.

Bring your own food, chairs, and tables. There will be a couple of barbecues available for you to grill on if you like us.

For more information, or to help out, please phone Rita at 604.875.0412 or email rcw@stgeorge.ca

You are invited to the
St. George Creek
Street Party
